

RightWay Pro

Public Access System

Modular / Temporary or semi-permanent ramps that can be added to or reconfigured into entirely different ramps.

Fast / Complete ramps can be built in as little as a couple of hours.

Cost effective / As well as being quick to build, no expensive groundworks are required.

Free standing / In most cases ramps can stand on their own feet, and enlarged feet or slabs can be used for soft ground.

Adjustable / Ramp legs can be individually adjusted for uneven ground surfaces.

Customizable / A variety of colours and frame sizes to suit individual requirements.

Perfect for

- + Modular Offices
- + Modular Buildings
- + Schools
- + Hospitals
- + Warehouses
- + Supermarkets
- + Shops
- + Assisted Living Facilities
- + Restaurants
- + Stadiums
- + Theaters

Building regulations:

- + Americans with Disabilities Act 2010 Standards for Accessible Design
- + International Building Code 2024
- + National Building Code of Canada 2020
- + Ontario Regulation 191/11 Integrated Accessibility Standards

RightWay Pro
